Item Details

Firefox For Dummies gives you the inside scoop on the exciting new browser from the Web wizard that got it started. The book's author, Blake Ross, began developing Firefox as a teenager. Once available to the world, the simple and powerful tool was an instant hit claiming a sizable share of the Web browser market with over 140 million downloads. In this book Blake not only gives you the lowdown on how to use Firefox for safe Web searching, but he also shares his insight into how the product came to life. It's a combination of practical tech insight and a good story that is rare in computer books. Topics covered
